Health and Safety Announcement

Controlling the Use of Photographic Equipment

The S.A.S.A has a strict child protection policy, brought about by concerns over paedophile activity. This policy has been adopted by each member club and requires that meet organisers strictly control the use of photographic and video equipment. Therefore the use of such equipment shall be subject to the following guidelines:

No photographic equipment (e.g., camera, camcorder, cameraphones etc.) is to be allowed on either poolside, spectator gallery or any other area under the jurisdiction of the meet organisers without prior approval of the meet director.

Application to use photographic equipment must be made on the approved S.A.S.A. form which is available on request.

Application can be made on the day to the meet director or to the meet directors appointed official. Applicants must provide proof of identity when applying and carry such proof when intending to use their photographic equipment.

Health and Safety Declaration

In order to comply with accreditation and health and safety requirements, this form must be completed and returned along with entry information.

I confirm that all the entered swimmers have paid their current S.A.S.A. Annual Membership Fee (Scottish clubs) or are affiliated members of their governing body (non-Scottish clubs).

I understand that any swimmer entered without a registration number (British clubs) or not affiliated to their governing body (non-British clubs) will be automatically rejected.

I confirm that all entered swimmers have been trained and are competent to dive into deep or shallow water in a safe manner as prescribed by current/planned legislation.

I confirm that information regarding the use of photographic equipment has been passed on to swimmers and parents intending to travel to the meet.
