PHOTOGRAPHY STATEMENT

Haddington 100s

The meet organisers are well aware of the wide range of devices including mobile telephones which have photographic and filming capabilities. This enables the capture of both static and moving images. It should be acknowledged that the majority of images taken within Scottish Swimming licensed meets are appropriate and taken in good faith. However, images of children and adults can be misused, and sharing images widely without consent may betray a confidence or identity of a child or adult, which could present a risk of harm to that individual if common sense procedures are not followed.

Spectators who wish to take images are requested to focus on their own family member as much as reasonably possible and to avoid including other participants in images, particularly if those images are being shared with family and friends or through social media platforms.

The meet organisers are committed to ensuring that all children who participate in this meet are able to take part in an enjoyable, safe environment and be safeguarded from harm. If there are any child safeguarding concerns at the event, please contact the Events Convenor immediately to disclose your concerns.
