Controlling the Use of Photographic Equipment	The meet organisers are well aware of the wide range of devices including mobile telephones which have photographic and filming capabilities. This enables the capture of both static and moving images. It should be acknowledged that the majority of images taken within Scottish Swimming licensed meets are appropriate and taken in good faith. However, images of children and adults can be misused, and sharing images widely without consent may betray a confidence or identity of a child or adult, which could present a risk of harm to that individual if common sense procedures are not followed.  Spectators who wish to take images are requested to focus on their own family member as much as reasonably possible and to avoid including other participants in images, particularly if those images are being shared with family and friends or through social media platforms.  The meet organisers are committed to ensuring that all children who participate in this meet are able to take part in an enjoyable, safe environment and be safeguarded form harm. If there are any child safeguarding concerns at the event, please contact the Events Convenor immediately to disclose your concerns.  Please scan the QR code to read the Scottish Swimming wellbeing statement.
	Throughout the September Kick Start event the East District may have authorised personnel taking static photographs and video footage. These images are intended solely for the purpose of future promotion of the event and may include live streaming on the internet. Images will be made available to our media partners and uploaded to our website and our social network sites. Should any competitor wish not to be photographed please complete a form, available from the meet organiser. If at any time a competitor wishes an image to be removed from our website, 7 days' notice must be given to <a href="mailto:sasaeastdistrictsecretary@gmail.com">sasaeastdistrictsecretary@gmail.com</a> after which the image will be removed.
